I was really surprised about how little pain I had. Tightness was the only issue I had but I knew to expect that I was nervous about going under in surgery but the staff at the surgery center was fabulous. I loved all the attention and care the staff and Dr Maggi gave me through out this ^{Process} ~~process~~.

The nursing staff made me very comfortable. Three months post op I am still extremely satisfied w/ surgery and would recommend Dr. Maggi to friends & family.
